SUMMARY

Oracle APEX Developer | SQL & PL/SQL Programmer | Application Development Enthusiast

With 1 year of experience in software firms, I have worked on applications for super shop, garments, HR, and textile industries. Skilled in SQL, PL/SQL, Oracle APEX 24.2, and Forms & Reports 12c, I have built applications by applying industry-specific business logic and delivering solutions that support enterprise needs. Familiar with HTML, CSS, and JavaScript, and eager to grow in Oracle-based development.

WORK EXPERIENCE

Junior Programmer

February 2026 – Present

Mysoft Limited | Shewrapara, Mirpur, Dhaka

- Developed and customized **Oracle APEX applications** and **Jasper Report** enhancements based on client requirements.
- Troubleshoot and **resolved 8–9 support issues daily** across **4–5 live software** systems, along with **2–3 development issues**, ensuring minimal downtime.
- Collaborated with **clients and stakeholders, including** live sessions, to gather requirements and deliver business logic-driven solutions.
- Created Oracle **Forms & Reports (12c/6i)**, **Report Builder**, and **Excel** reports.
- Deployed pages and reports via **WinSCP** and **remote systems**.

Asst. Software Engineer

June 2025 - January 2026

Xactidea Limited | Shymoli, Dhaka

- Developed and customized **Oracle APEX applications**, including **HTML reports** and page enhancements, based on **client requirements**.
- Troubleshoot** and **resolved 15–17+ issues daily** across **4–5 live software** systems, ensuring smooth operations and minimal downtime.
- Collaborated with clients and stakeholders** to gather requirements and deliver **business logic-driven** solutions.
- Optimized **SQL queries and APEX pages** to improve application **performance and user experience**.
- Applied **strong problem-solving skills** to quickly identify root causes and implement effective fixes in production systems.
